Dedicated

to

Mr. Paul Jerome Thayer

The class of 1952 takes a solemn pride in being permitted to dedicate its Year Book to the memory of Paul Jerome Thayer, teacher of English for twenty years at Roxbury Memorial High School (Boys).

Mr. Thayer, who was born at Lubec, Maine, July 2 1896 and was graduated from Boston College with distinction in June 1922.

In 1925 the City of Boston sought his services, and he was assigned to Dorchester High School (Boys). Further to perfect himself, Mr. Thayer then studied Philosophy and Theology at St. Mary's Seminary, Summitsburg Md., for two years. Then he returned to Boston, and fortunately for hundreds of local boys, was appointed at Roxbury Memorial High School (Boys).

In 1937, Boston Teachers' College awarded him the degree of Master of Education. During the Second World War, he was granted a year's leave of absence to engage in highly specialized work for the United States Government. But most of his work was where his heart was, here at Roxbury Memorial, encouraging, urging, educating, inspiring the youth by work and example.

Mr. Thayer was happy, too, in the companionship of a charming wife and manly son, until January 24, 1952. That evening, after returning home, he died.

As a scholar he held forth only the best and purest of literary example for imitation and emulation. As a teacher he taught more than his subject. Always he emphasized the urgency of putting "first things first". As a man he had that rarest gift of all, the combination of a kindly heart, and equable disposition, and a priceless sense of humor.

Perhaps his death seemed untimely, a senseless waste of virtue and talent, yet it has taught the multitude who have benefited by his interest and friendship, the unforgetable lesson, that to die well is the only true measure of earthly success: that to face the Creator with wealth and power is worthless. Mr. Thayer by a deeply religious life and conscientious application to duty, could render his Maker a satisfactory account of his stewardship and merited from his Divine Judge the commendation, "Well done, Thou good and faithful servant".

In a word, Mr. Thayer was scholarly, kind, understanding, deeply and simply religious--what more can be said?

We will not forget him!

To the Class of 1952

One hundred years ago, when Roxbury was an independent town, and separate from Boston, this high school was established as an adjunct to the Roxbury Latin School, which had been established in 1635, five years after the Puritans had settled in this vicinity.

At the time of the founding of this school, Abraham Lincoln was only a country lawyer, and more than a dozen of our states were merely sparsely settled territories beyond the Mississippi.

It was nine years before the young men of this town marched away to the Civil War, just as their descendants took part in the war with Spain and in the two World Wars.

A few miles of railroad track,.. traversed by wheezy, wood-burning engines, connected cities by land; and steamers of "Show-Boat" time puffed up and down the Mississippi.

Electric cars, telephones, and the telegraph were unheard of, and the unpaved streets were quagmires in spring and in rainy weather.

It is difficult for us who live among the physical refinements of today to imagine the hardships of securing an education in those early days. Here in this million -dollar building, with every convenience, with beautiful printed text books and elaborate shop and laboratory equipment, with teachers educated far beyond those of former days, boys have a distinct advantage, not only to be developed, but to have within their reach collegiate commercial, and industrial advantages not even dreamed about by their predecessors.

We may smile at what they enjoyed in the good old days, but doubtless the boys a hundred years hence may in their turn pity us. Our state of civilization may appear to them as backward as that of a hundred years ago now seems to us.

YEARBOOK STAFF

Centennially speaking, the Yearbook Staff has been a 100% hard working group. The great responsibility of publishing a Yearbook has been met and accomplished, successfully too. Mr. Conway and Mr. Landrigan receive our most profound gratitude for their never-tiring efforts towards making this publication one worthy of Memorial. The work of our editor-in-chief, Elliot Ernest, is probably the spark plug of the entire Yearbook. He has been ably assisted by the literary, art, and buisness staffs. Another word of thanks belongs to our very able and hard working Business Manager, Jack Berg and his assistants.

In brief, for a big job superbly performed, we owe a debt of gratitude to the best faculty advisors, and the staffs.

Our Class Day Exercises of 1952 created a new goal for future classes to aim at. The Cenntenial theme provided an unsurpassed source of material. The whole show was built around the fact that in 1952 Mother Memorial celebrated her 100th anniversary.

The committee, the chairman, and the faculty advisors did an excellent job. Senior Class President, Louis Chiaramonte, congratulates all the boys who participated in the activities, especially the committee members Don Gropman, Don Pressman, Arnie Poock, Larry Kolp, Joe Ruggiero, Steve Lendman, Bill Blake, and Jack Berg.

All the boys in the Senior Class extend their sincerest thanks to the faculty advisors, Mrs. McGrath and Mr. Coveney, and wish them the best of luck with class day projects in the future.

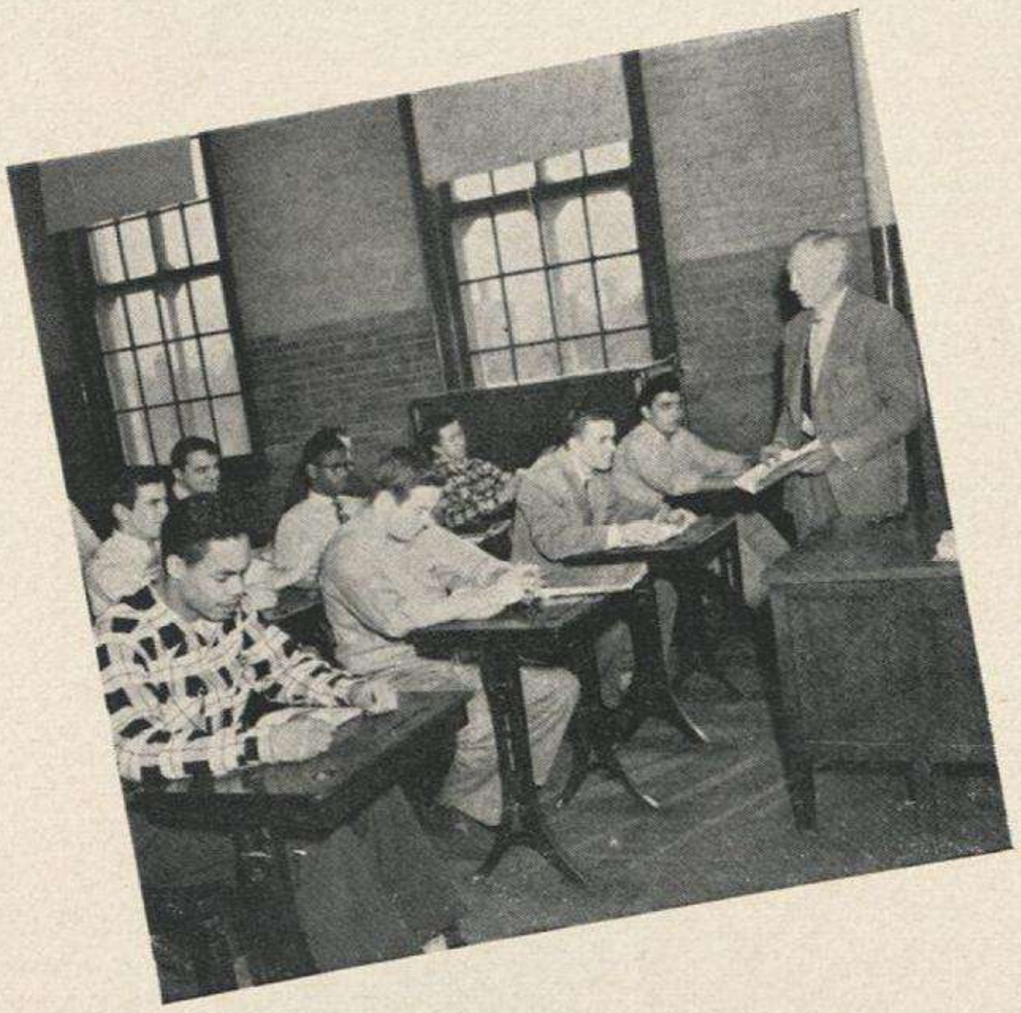
Room 224



The best printing class of tomorrow will naturally come from the printing class of today. Our room is composed of athletes, leaders and scholars. The proud smiling gentleman you see standing here is our own Mr. Shovelier. Think of where we would be if it weren't for him. We do not want to seem conceited but room 224 is just plain brilliant. If you think we are conceited just look at your yearbook. We printed it.

The boys who take up printing as their life's vocation try to emulate Benjamin Franklin. We hope that Mr. Shovelier and our other instructors think we are succeeding toward that goal.

Through the magic portals of 312 pass the greatest scholars known to man, animal, or otherwise. Such notables as Louis Chiaramonte, our Senior Class President; William Blake, Yearbook and Bostonian artist; Charles Davis, runner of distinction, and other assorted genii, in various shapes and sizes.

Under the impressive direction of Monsieur McCormick a dignified and studious air of esprit du corps is maintained. No other senior homeroom can boast of such a feeling of good fellowship and camaraderie, we believe. Our best wishes are extended to Mr. McCormick, and though he probably will never come across a class like ours again, we hope that he will always think of us in a kindly light (!).

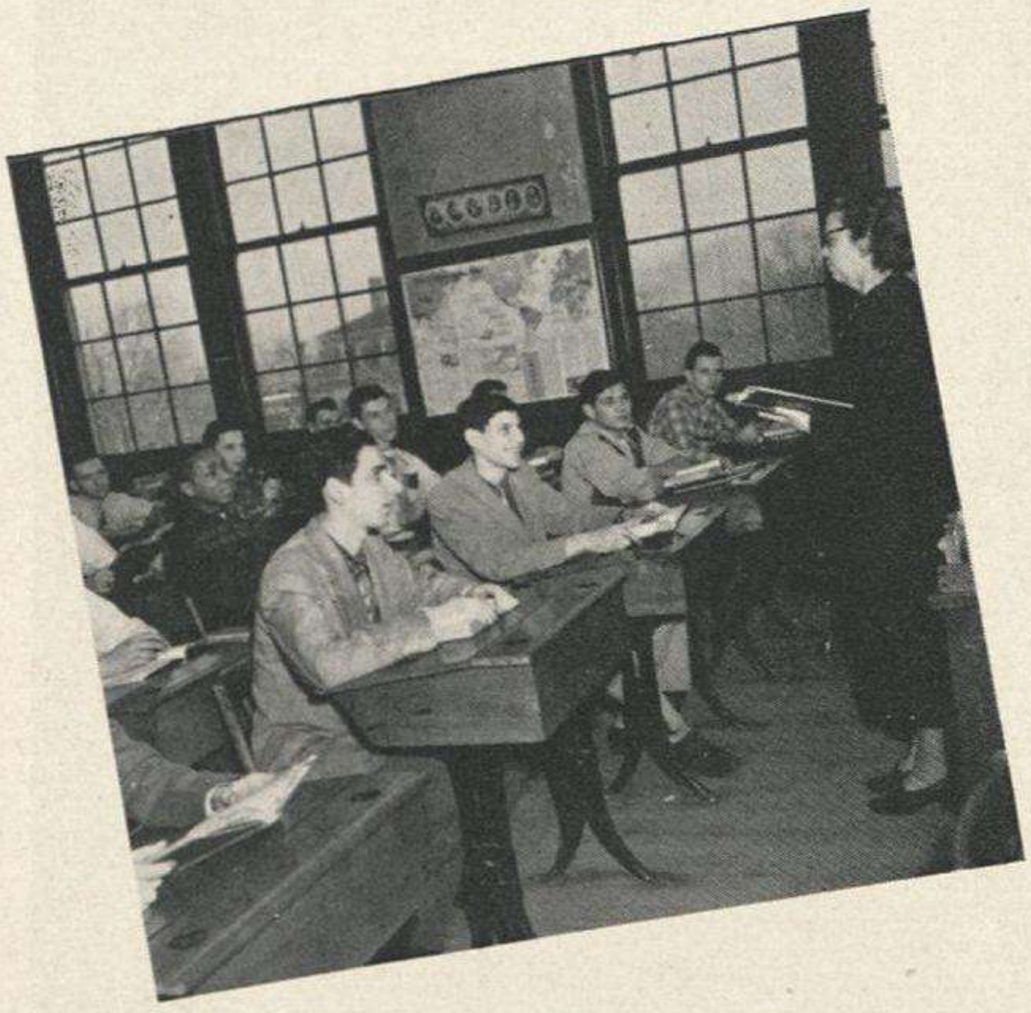
Room 314



Room 314 sees another senior class go forth into the world of business and professions. Under the capable leadership of Miss Barry, we have weathered many a storm. The class is most philantrophic; at every opportunity, Chatfield Jones, our homeroom treasurer, relieves us of our surplus money.

Our room is one of the busiest of the senior classes. It is just like a bee-hive each morning. Elliot Ernest, editor of the Bostonian and Yearbook, Jerold Golner, secretary of the National Honor Society, and Paul Katz, vice-president of the Senior Class are but a few of the dignitaries in 314. Louis Goldstein, Spelling Bee grade winner is also a member of 314.

We leave with the hope that we shall prove worthy of success in our chosen profession, and make R.M.H.S. proud of the Class of "52".

Under the supervision of our homeroom master, Mr. Emmett J. Readon, and with the activities of the boys of Room 316, it is safe to say, we rank high among the known. In athletics, we have C. Kirwan, football and basketball; N. Morris, football and baseball; P. Morrison, basketball; M. Lipman, hockey; J. Maier, track; J. Kundel, baseball; and S. Lendman, tennis; Honor Roll students; S. Lendman, and H. Kliger. R. Namiot won the Hearst History Contest. The Student Council is B. Pearlmutter.

When the school treasury goes broke, Room 316 is usually first to have a 100% in collections, thanks to "Chief" Readon. So in conclusion I say, "If the ingredients are good, the results are better."

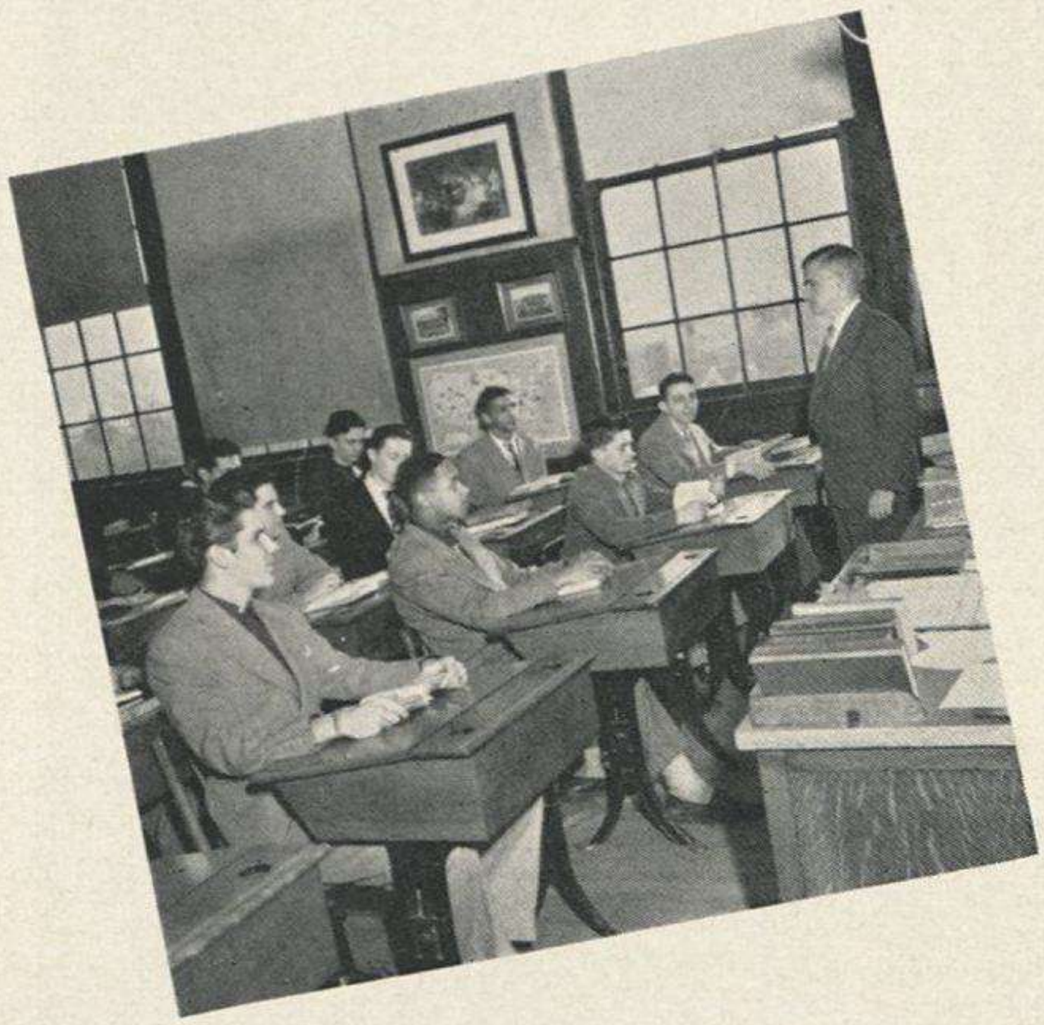
Room 322



Room 322 figured prominently this year in school activities. There were a number of candidates for senior class officers - Bernard Price, Robert Price, Stanley Sadur, Arnold Poock-but none quite made the grade. We boast two fine football players in Don Pressman and Ken Rullis and have great expectations for Herbert Querido in the literary field. Most of us enjoyed a good year and are proud to be members of Memorial's Centennial Class.

Dr. Bernard F. Donovan may well be proud of the boys of 334, his home room. They are a versatile group and have distinguished themselves in many fields.

In sports we have such notables as Mel Temple, Tennis; Vinny Thomas, Golf; and Charlie Weinstein, Hockey. Three of our boys write for our fine school publication, "The Bostonian". They are Martin Wermont, Eddie Worobey, and Arthur Werbner. Our two musicians are Marvin Tabolsky, Piano; and Richard White, Clarinet. Destined to become leaders in the commercial world are Angie Voutselas, Bernie Yankowski, Herb Yellin, and Bernie Zecker.

Last, but not least, room 334 claims two National Honor Society members, Eddie Worobey and our efficient home room treasurer, Warshaver.

National Honor Society

The National Honor Society, under the supervision of Mr. William J. Gross, commemorated Memorial's Centennial year successfully. In addition to several miscellaneous activities, the Honor Society sponsored a mid-year dance, the success of which can be attributed mainly to the tireless efforts of Mr. Edward F. Barnes, to whom the Honor Society wishes to extend its sincere gratitude. A superbly executed spring induction culminated a most eventful year.

The Assembly Committee has completed a successful year of giving smooth-as-clock-work precision to the behind-the-scenes activities of all assemblies. David Holsberg and Barry Rosemark, as our chairman and vice-chairman, must be cited for their excellent work. The control, camera, and projection booths were ably handled by Messrs. Freidman, Wartel, and Samuel. Ushers were Pearlstein, Newman, Murstein and Berg. Morton Warshaver served at the victrola, and Edward Worobey operated the camera. Others who served as stagehands and at various other jobs during the assemblies are Levy, Tamkin, Nathan, Zecker, Lerner, Bell, Sadur, Katz, and Price.

The assembly committee wishes to thank Mr. Francis J. O'Conner for his exemplary leadership.

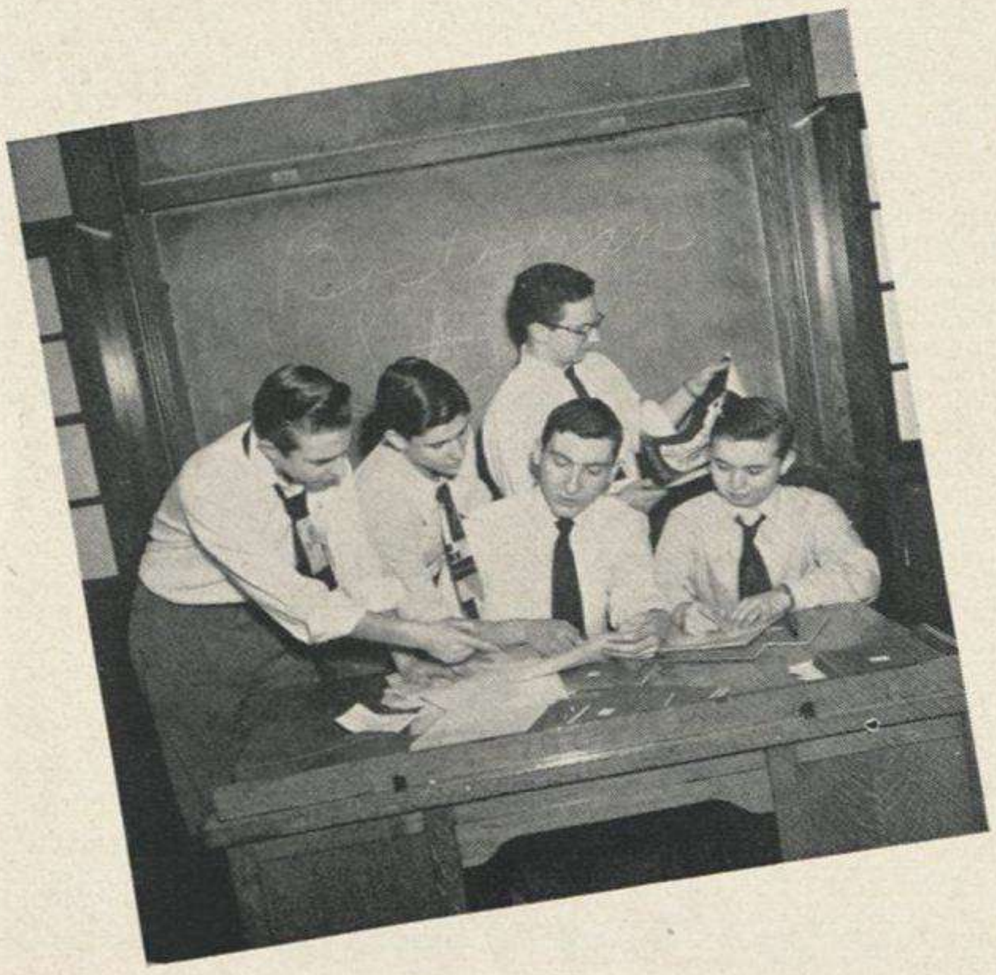
Bostonian Staff



"The Bostonian," under the expert supervision and guidance of Mr. Everett J. Conway and Mr. Albert Landrigan, once again has exhibited superior excellence in the art of high school journalism. Indeed, Roxbury Memorial should be proud of the fine, mature articles sudmitted by the literary staff. Our success may be attributed mainly to the efficient work of our Editor-in-Chief Elliot Ernest, and the hard working business and literary staffs.

A good band has always been a tradition at Memorial. That tradition was established during the long regime of Mr. Whitehouse; it is in no danger of faltering under the brilliant tutulage of our new director, Mr. Young.

The most painstaking training by Mr. Young has had splendid results. Separate choirs, even individual players have been taught until the perfect ensemble that glories in the honored name of the Roxbury Memorial High School Band is the proud result. Just how excellent this year's band is was ascentained at the numerous school functions where it performed, at Class Day, Schoolboy Parade, and Graduation.

Drum and Bugle Corps

In past years the Memorial Drum and Bugle Corps has been outstanding in its performance of rhythmic melodies, played by boys who had been thoroughly trained in the playing of the drum and the bugle. But, this year, classes pricked up their ears when they heard melodies which seemed to emanate from their own lunchroom. The Memorial Corps of 1952 has, at last, climbed to unprecedented heights.

To Mr. Donovan, bugle instructor, and to Mr. Trongone, drum instructor, must go much of the credit for the greatness of the Corps. Each of the members of the Corps has given his best; but to mention a few: Captain Edward Pallan--Drum Major; Lieutenants George Pearson and Jack Berg of the drum and bugle section respectively; James Mason, James McGrath, and Robert Shidlow; who have all done exceptionally well.

The chess club is again one of the most successful clubs in the school. As in former years it is serving a two-fold function: (a) to cultivate the boys' interest in this ancient and time honored game; (b) to creditably represent this school in interscholastic competion.

The president, Werbner, and the vice-president, Seigel, along with Katz, Neiman, Maltz, Belinsky, and Price were on last year's team. In Faverman, Abramson, Belrekarklis, and Task the club has gained four strong newcomers. To date, the team has a record of four wins, two losses and one tie, and is in third place in Greater Boston Interscholastic Chess League, behind Brookline and Boston Latin. Many thanks to our adviser, Mr. Grant; for with out his able supervision, the success of the club would have been an impossibility.

Music Appreciation

The Music Appreciation Club is a newly organized group which has endeavored to develop a closer contact between the student and the masterpieces of music we have as our heritage. Under the knowing guidance of Mr. Conway, we have had enlightening, as well as entertaining, meetings.

The subject of a deeper appreciation of Opera was emphasized and general group discussions were held, during which the members posed questions to the sponsor and the speaker of the day.

For the past score of years the Glee Club has been a Memorial institution. Under the inspired leadership of Mr. T. Francis Burke it has developed into a cultural association of the highest order. Unlike similar organizations elsewhere, its emphasis has been on tonal finesse, on delicate nuance, and almost imperceptable shadings, characteristic of the finer professional choral groups. Perhaps it would be too sanguine to describe all the singers as the operatic stars of tomorrow. Nevertheless, what fresh young voices can do after painstaking training, they can do superbly.

Mr. Burke works every bit as hard as his carolers. The result is commensurable with this interest and effort.

History Club

The History Club, under the skillful guidance of Messrs. Donovan and Landrigan, met during the school year in order to prepare its members for the Social Studies College Boards and the various contests in which Roxbury Memorial was well represented. Due to the expert teaching of Messrs. Landrigan and Donovan, Roxbury Memorial, represented by Herbert Goldstein, Robert Namiot, and Rocco Rose, placed high in the Hearst History Contest.

Roxbury Memorial also did well in the U.N. and the A.F.L. contests.

Under the able guidance of Mr. Donoghue, the Home Room Treasurers have completed a successful job in the financial department of the school activities, of the Bostonion and of the Year Book. The task of these treasurers is a difficult one, which takes much painstaking labor to achieve its goal.

The treasurers were headed by Jack Berg, a member of the senior class, whose initiative and influence helped make this a prosperous year.

The following named boys must be pointed out for their splended cooperation: Carl Jones, Stanley Koopetz, Robert Ramsay, Morton Warshaver, William Kordas and Adam Kasprzak.

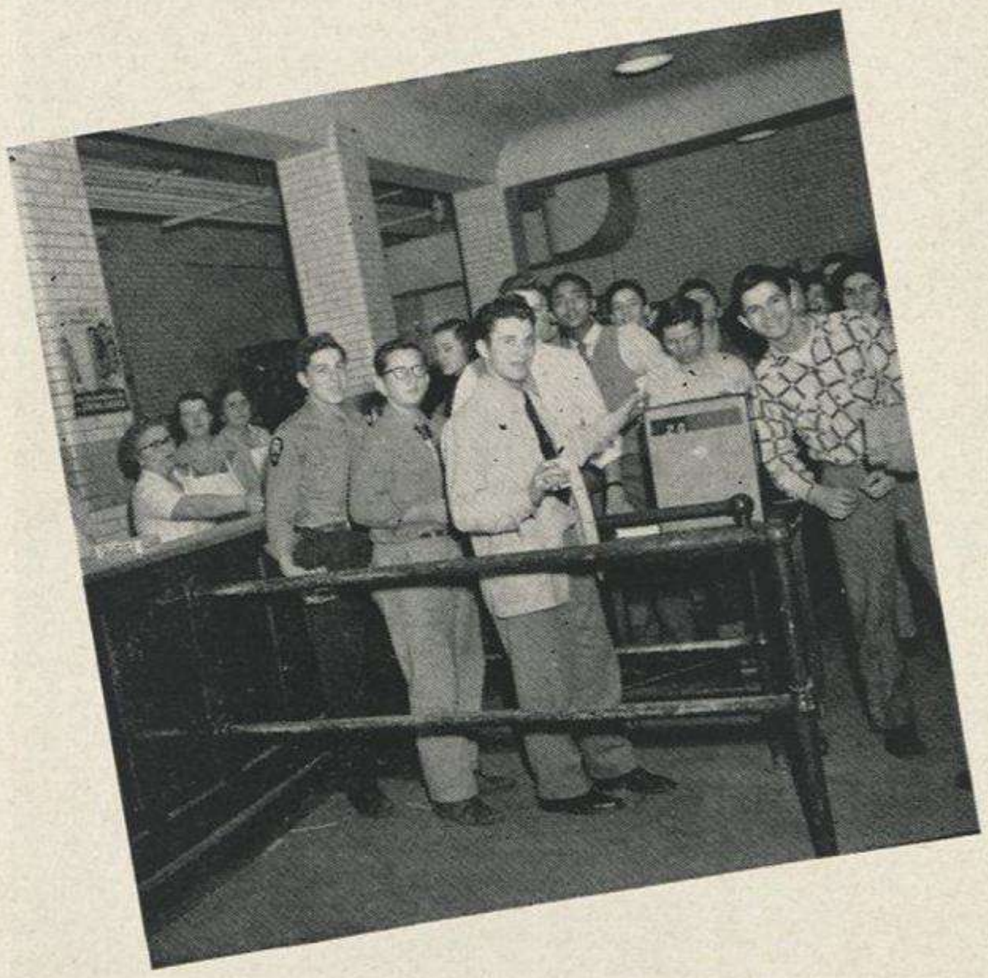
Lunch Room Assistants



The happy faces below reflect the quality of service received in the lunch room. This group is second to none in efficiency, courtesy, accuracy, and cleanlinness. These cashiers and counterman are ably supervised by Mr. Donoghue. Although several Key-men are graduating another splendid organization is anticipated next year. This work serves as an invaluable adjunct to courses in merchandising and accounting too.

In its one hundredth year as a hall of learning, R.M.H.S. had two crack drill regiments, each of which competently performed satisfactorily its colorful maneuvers along the route of the School Boy Parade. The parade, which was the climax of the entire drill program, could not have been presented if it were not for the painstaking preparation which took place each week.

Colonel Albert Dunphy supervised with his usual excellent advice and counsel. Training in discipline and teamwork were provided, as well as professional instruction in military procedure. Motion pictures on topics pertinent to Military Science were an informative as well as interesting part of the course.

One can say with pride that Memorial's orchestra is one of the finest she has produced in many a year. It is made up of trumpets, clarinets, saxophones, and drums, with the background music of two very fine pianists. Mr. Young, who incidentally is a very fine trombonist, leads the orchestra with much success, and only an occasional grey hair. The orchestra's number of engagements were limited this year, but we can all say that their performance on Class Day was exceedingly well done. I'm sure that every boy in it can say truly that working in the orchestra was lots of fun, a priceless experience, and well worth giving up a study class for.

Memorial's well known corridor patrol army have forsaken a trip to Korea in order to stay in our beloved halls and patrol us. The Major General of the group is our famous authority on history, government, civics, etc., Dr. Donovan.

The recipients of the honor of being corridor patrolers, are of course, good democratic souls who join this army of their own will. Don't believe anyone who says that the good doctor high-jacks "wet backs" in to do the work. All kidding aside, the patrol is a grand honor that is thrust upon the elect, who always performs his duties of expediting traffic and helping some chance straggler to his destination.

Prom Committee

This year's prom committee worked valiantly to plan a prom and sell tickets; but to no avail. The seniors just were not receptive to the idea, so that again Roxbury Memorial High School can point to a "promless" year. Credit still belongs to the prematurely happy gentlemen in the pictures. They tried. Other than the prom, all activities have had an even greater amount of success than usual, this year. We hope that next year's graduating class will have a successful prom.

The Forum Club, through the tireless and energetic efforts of Mrs. Elizabeth McGrath, once again exhibited its matchless diplomacy and debating skill, in discussing and weighing several of the vital and crucial problems of the day; namely, Universal Conscription in the United States, The Point Four Program, the St. Lawrence Seaway, and the Overemphasis of College Athletics. One really sees the essence of democracy when an individual can present his views in whatever light he sees them. We certainly should be proud of our Forum Club.

Public Speaking

The Public Speaking Class, held under the supervision of Mrs. McGrath, has been unusually successful this year. These speech classes met in room 340 once a week for the purpose of correcting the enunciation of words, and aiding pupils to become better public speakers. The activities performed during the year included forums, the Red Feather Contest, Class Day, the Hearst and American Legion Oratorical Contests and radio programs. The broadcast of a special radio program celebrating the Centennial Year of Roxbury High School topped off senior activities.

The cast, which included both the boys and girls of our Alma Mater, gave freely of their time and efforts for this Centennial program. All were delighted with the splended performance, which was a tribute to the zeal and energy with which Mrs. McGrath endows all of her work.

R.M.H.S. presents the Broadcasts for the Centennial Year!

Under the able guidance of Mrs. McGrath we have produced broadcasts, that well may called professional.

We shall remember always the MI Safety Squad Broadcast, both for the message it had to offer, and the wide variety of music enjoyed by all.

What could of been more dramatic than Our U.N. Broadcast, which portrayed the story of how the U.N. was established.

The outstanding Broadcast of the year was of course the "Centennial Broadcast" in which the whole club worked its hardest.

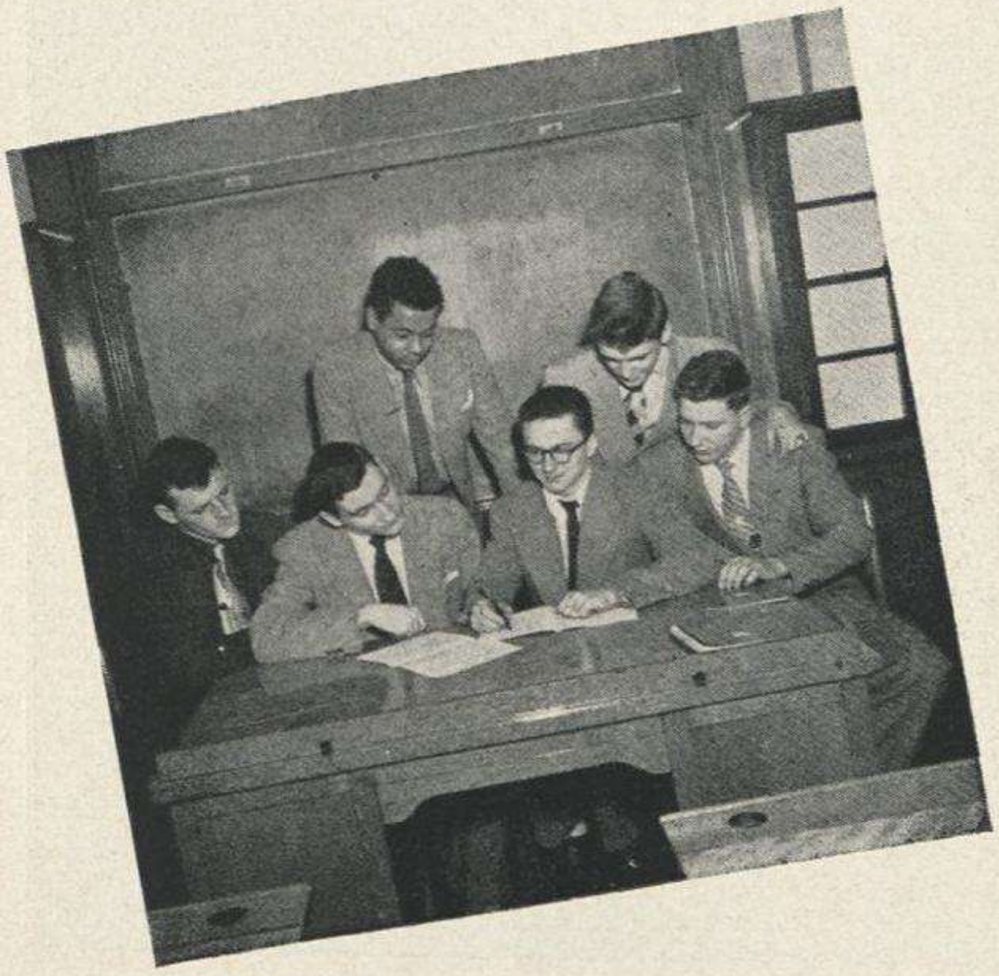
Student Council Executive Committee



On the executive council serving, ex officio are, the president of the senior class, the president of the National Honor Society, an athletic representative and the Editor of the Bostonian and Year Book.

The Student Council is looking forward with keen anticipation to a successful year in all their endeavors. The ex officio officers are, President of the Senior Class, Louis Chairamonte, President of the National Honor Society, Arnold Pook, Bostonian, and Year Book Editor, Elliot Ernest.

After twelve years of inactivity a Student Council has been formed once more at R.M.H.S. under the able guidance of Mr. Donovan. Delegates were elected from each home room (33). On January 16, 1952 they met to discuss plans for elections and the forming of a constitution. Mr. Masterson informed us that it was his intention to help us in every way possible. At this meeting it was decided to have an executive council, a chairman and a secretary, to be elected at the next meeting.

On January 25, 1952 the council elected the Executive Council: Seniors, Arnold Sherman and Charles Weinstein; Juniors, Sumner Stecker and Arnold Sher; Sophmores, James Avalio and Harris Trager. The chairman of the council is Carl McCalland; the secretary (protempore) Howard Gordon.

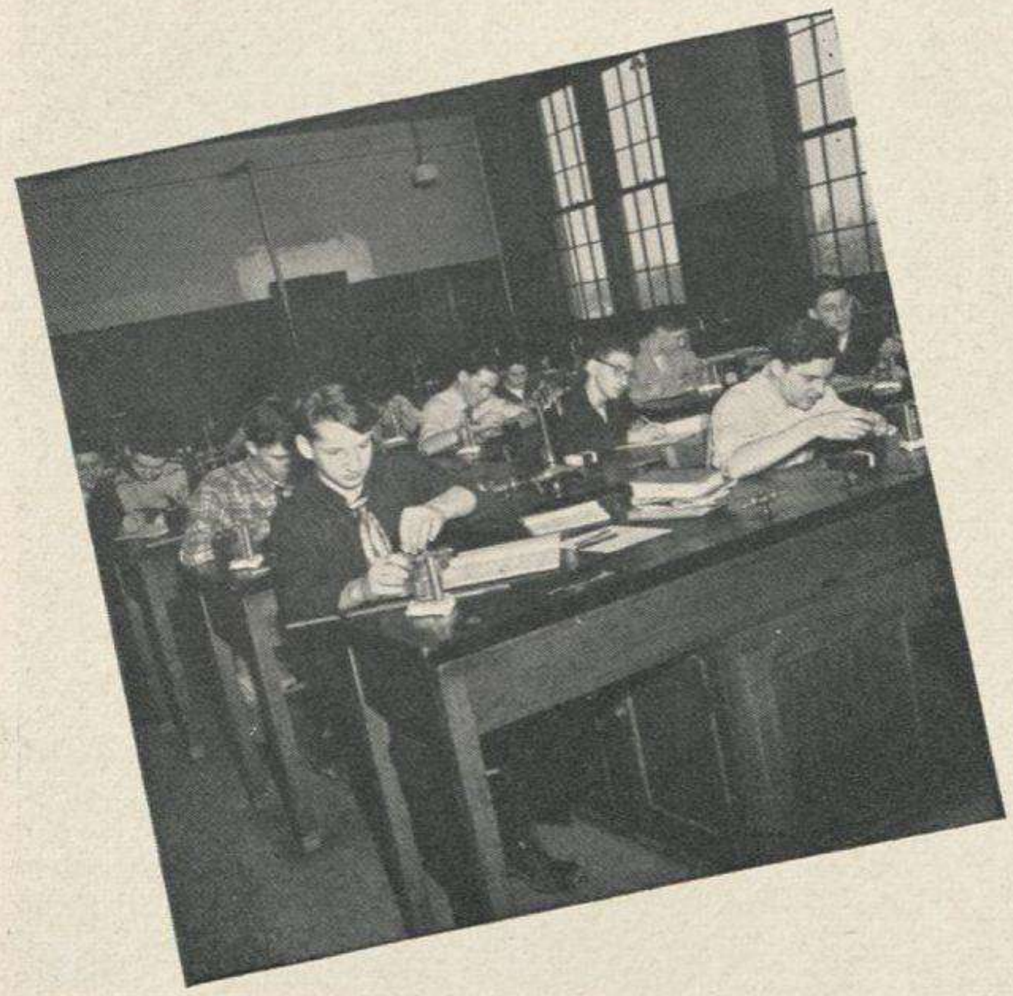
Physics Club



The Physics Club was created for the purpose of preparing students for the physics achievement test of the College Entrance Board Examination. The first meeting was held on December 21, 1951 under the direction of Mr. Holmes (505), who graciously gave his valuable time to help the boys. Meetings, which were held on Thursday of each week, lasted about an hour. The club's function consisted of a complete review of elementary physics, including practice tests. When the club dissolved in March, the members were well prepared to take the College Board Physics Exam.

Last year Roxbury Memorial High School (Boys), under the sponsership of Mr. Kean, aided the cause of the American Junior Red Cross, by their voluntary contributions and donations that filled the first school chest sent to Germany to aid the poverty-stricken and homeless children. We received a response of gratitude from the persons benefiting from this chest.

This year's representatives of Memorial, Berton Lerner and Arthur Gilbert, volunteered much of their leisure time to do work at the Red Cross Headquarters in Boston. We appreciate what they have done in bringing honor, glory, and prestige to our school.

Bruce Newman and Samuel Pearl will have the honor of being Memorial's representatives at the American Junior Red Cross next year. May they keep up the good name and fine tradition of our school.

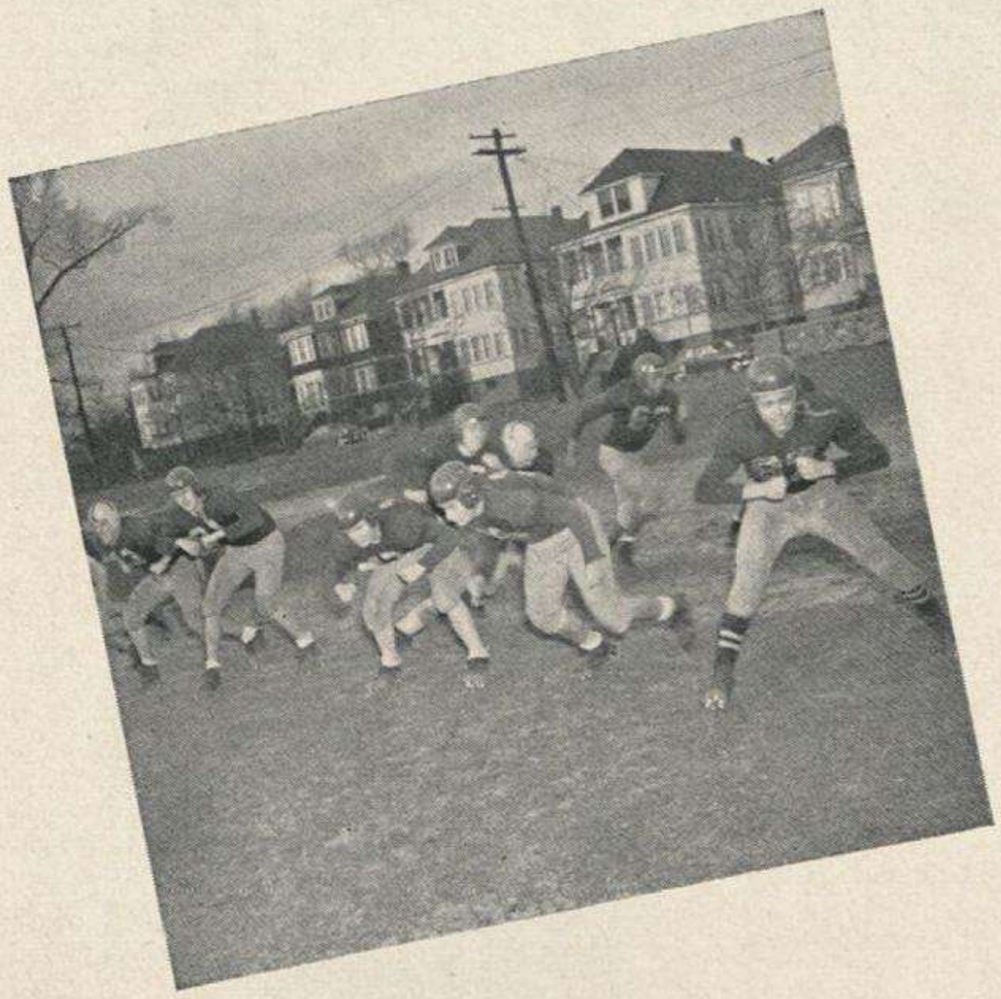
Football



The 1951 R.M.H.S. football team, led by Captain "Bill" Bray, finished the season with two victories and six losses. Paul Katz led in the scoring department with twenty-five points, while "Jerry" Burke was second with thirteen. Specialists were Captain Bray in punting, "Mal" Stone in blocking, "Paul" Katz in passing, and "Don" Pressman in place kicking. "Ken" Rullis backed up the line on defense.

Next year's captains are Doren, Cantor, and Mulloy. Captain Bray, Brown, Di Ruscio, Kirwin, Stone, Mulloy, Rullis, Katz, McCall, Morris, Pressman, Gullins, Doren, Task, Burke, Binda, McKinney, Ferraro, Dillingham, Cantor, Carr, and Manager Gordon, recieved letters.

Special thanks must be given to Coaches Campbell and Keane for their tireless work, and to "Howie" Gordon, our excellent manager.

The 1952 Memorial baseball team promises to attract much attention this season. Nine lettermen are returning from last year's squad, in the persons of McCarthy and Carr, catchers, Captain Katz, Dolph, Bartoloni and Bluestein, infielders, Morris and Mitchell, pitchers, and "Joe" Kunde in the outfield. Paul O'Donnell, a transfer student from Latin, is also expected to help out in the outfield.

With those previously mentioned, and the players that are coming up from last year's J. V. squad, the prospects for the coming season are bright. Let's hope they materialize.

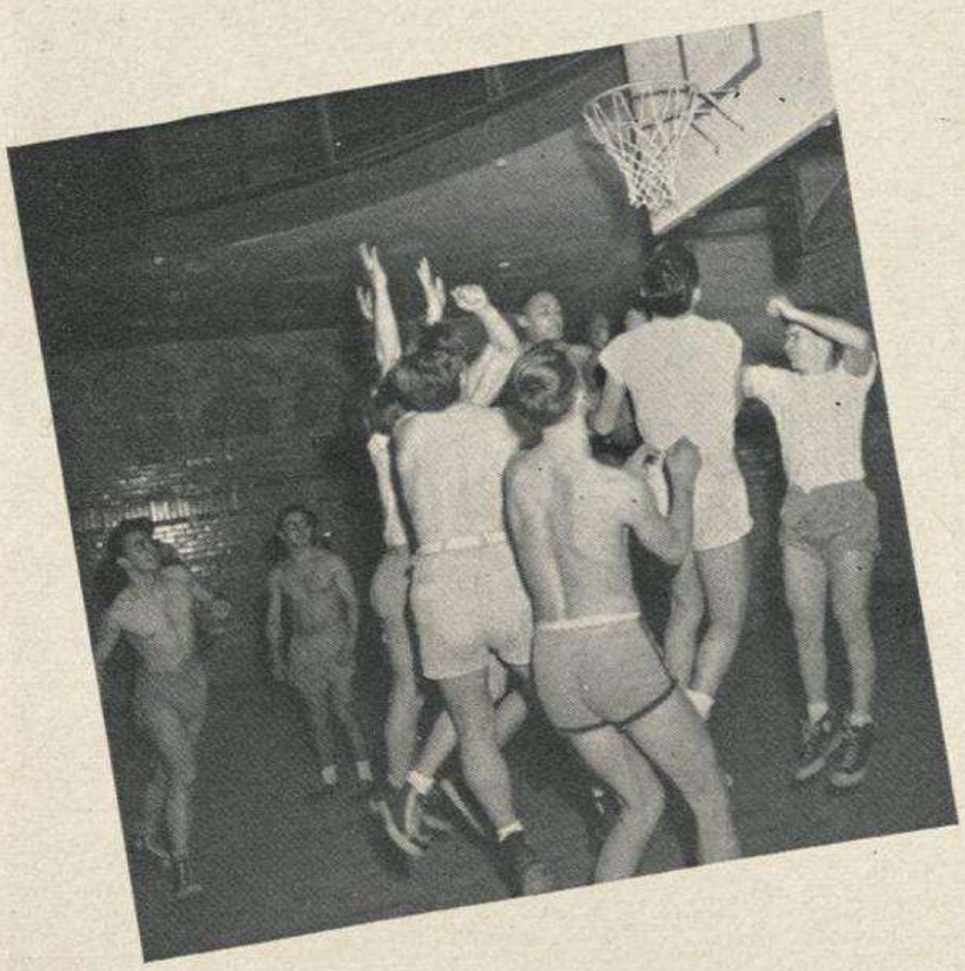
First Row: Christopher Kirwan, Stanley Elman, Carl McCall, Paul Katz (Co-Captain), Philip Morrison (Co-Captain), William Cort, James Mason, Robert Kelsey.

Basketball



The Green and Gold basketball team for the 1952 season is expected to rank very high under efficient supervision of Mr. Keane. Coming back from last year's squad are "Billy" Cort, Paul Katz, "Phil" Morrison, "Jimmy" Mason and Vincent Thomas. This list of veterans also constitutes the starting line of the quintet; and with these experienced hoopmasters, plus the talents of McCall, Elman, Kelsey, Cohen, Davis, Grande, Kirwan and Bluestein, Roxbury Memorial High School should receive top basketball honors.

Starting the season with few experienced players, coach Kilroy faced the seemingly impossible task of building a team to provide competition for some of the other city teams. The team got off to a bad start by dropping the first two games, but battled all the way in the remaining games.

Seniors on the squad were Stan Sadur, Bob Cohen, Cal Hicks, Chuck Weinstien, Mel Lipman, and Erwin Silver. The team was captained by co-captains Bob Cohen and Stan Sadur.

The presence of many sophmores and juniors on the squad makes us look foward to a better season next year.

Hockey

Second Row: R. Namiot (Manager), H. Eskot, I. Silver, C. Shuman, R. Powell, S. Tamkin, A. Moskovit, L. Ralby, M. Lipman, T. Kaplan, P. Carr, Mr. Kilroy (Coach).

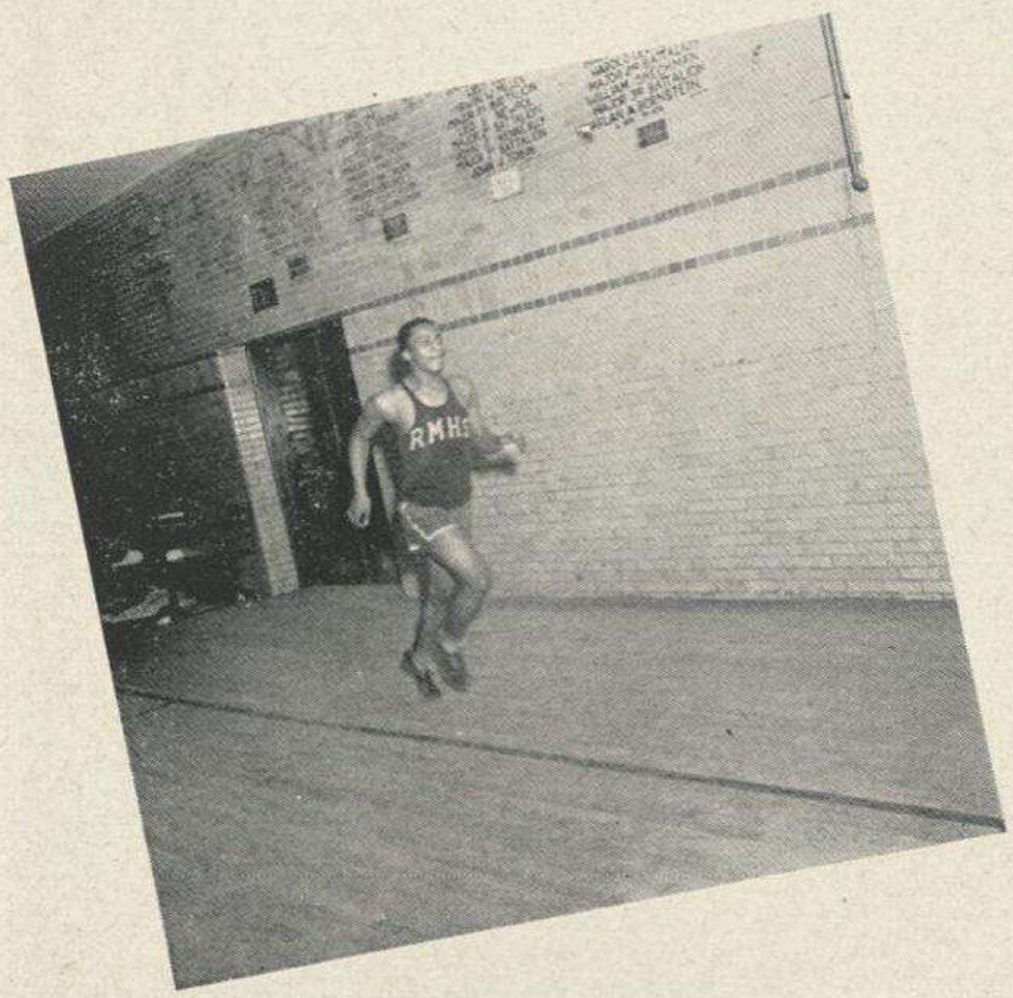
Track



Of Coach Campbell's forty-man squad, the following are Class "A" men: Dave Morris and Frank Damigella of the 300; Fred Galloway of the 440; and Ed Madden of the 600; Bob Ramsay of the 1000; and Mair and Gullens of the mile. The relay team was made up of Galloway, Jackson, Brown, and Morris. For a small squad, our team, thanks to splended coaching and superb school spirit, did remarkably well.

In addition to Class A we had a great Class B team consisting of Sheldon Swartz, Arnold Vallon, George Pearson, Sid Doren, Bob Ralinson, Joe Thompson, Stan Miller, and Bob Grande.

The "big guns" from class C were Smith, Montero, Calfrances, and Rodriques. The team finished third, behind Latin and English, in the indoor "Reggies," and prospects for next year are bright.

Under the able leadership of Captain "Charlie" Davis, and with the invaluable aid of "Louie" Chiaramonte, the only other third-year man on the squad, Memorial's harriers finished a very auspicious fourth in the third annual Cross Country Regimentals. After a gruelling two and one-half mile run the first five boys to cross the finish line for Memorial were "Charlie" Davis, "Bob" Ramsay, "Joe" Maier, "Godfrey" Jordan, and "Louie" Chiaramonte.

The following boys received their letters: - "Louie" Chiaramonte, "Charlie" Davis (Capt.), "Godfrey" Jordan, "Joe" Maier, "Bob" Ramsay, and "Bob" Price manager.

The members or the Cross Country squad wish to take this opportunity to thank Messrs. Ronan, Meagher, and Carey for their great patience and very able coaching.

First Row: S. Lendman, M. Shapiro, R. Dolph, M. Golden, T. Siegel, J. Goldings, J. Cohn.

Tennis

The tennis team, under the coaching of Mr. Greyser, is once again ready to represent this school in interscholastic competition.

Last year the tennis team finished a strong third in the Boston Conference, not far behind English and Latin. With almost the entire team of last year returning, there appears to be no reason why this year's team should not equal or even better last year's record.

Returning from last year's team are Golden, Seigel, Goldings, Shapero Lendman, and Querido. Newcomer Elman will probably round out the starting team. With these players as a nucleus, the tennis team should go far in 1952.

FORE—That's the familiar cry that's heard every spring as the R.M.H.S. Golf team goes into action. Under the skillful coaching of Mr. Keane, Memorial had an excellent season this year.

Capt. Charles David, a runner-up in last year,s City Championship, is expecting to go far this year, supported by three of the outstanding senior golfers, Robert Fox, Louis Chairamonte, and Vincent Thomas.

Because of this system of advancement, on graduation R.M.H.S. has sent many golfers out of the school with a wider knowledge of the game and sportsmanlike conduct of a true golfer. In the future Memorial will continue with the same school spirit she has had in years gone by.

Bowling Team

This is the first year that our school has had a bowling team. Mr. William Brown kindly agreed to act as sponser. As yet this sport has not been officially recognized, but we hope to convince the authorities of the worthwhileness of this activity.

Our most exciting game was a victory over the highly touted team from Boston Latin. The following are the officers: James Vytal, manager; Sidney Davis, secretary; Joel Chase, treasurer. The highest score for a single string of bowling is held by Norman Dovorkis.

Class Will

Know all men and RMHS students by these presents that, We, the members of the Centennial Class of 1952, being of minds numbed by three or more years of mental torture and anguish in this e—steemed Temple of Learning, and of bodies mangled, tortured and mauled by Phys.-Ed., do hereby acclaim, attest and declare this to be our last Will and Testament and bequeath the following:

Class Prophecy

The Roxbury Times: May 17, 3864 A.D.

In April 3864, Sam Q. Zygmuntowicz, Professor of Archaeology, Anthropology, Craniology, and American History at Harvard, while doing research work in Eastern Arizona, made a discovery which has thrown much light on the lives of eminent men and women who flourished in the dawn of civilization (about 1950).

We shall give Prof. Zygmuntowicz's comment on his discovery: "My associates and I were excavating at the foot of a mountain. We had not yet pierced the tertiary sub-strata, when we disclosed the petrified remains of a hot-dog stand of great antiquity; I am convinced that it dates back to the middle of the XX Century. Buried in the fragments of the sand a dolichocephalous cranium was discovered. The foraminobasal angle of the cranium was of such extraodinary dimension that I was led to the conclusion that the skull was that of a great man, therefore, probably of a member of the class of 1952, Roxbury Memorial High School. I rapped on the skull; it gave fourth hollow sound, thus confirming the hypothesis formerly advanced that the specimen in question was a R.M.H.S. graduate. Near this cranium, in a metal container, we found a diary. I shall give extracts from its contents, without further comment."

"THE DIARY OF THE R.M.H.S. GRADUATE"

April 5, 1972

Dear Diary:

Much has happen since I graduated from Roxbury Memorial.

After 20 years Big "Charley" Davis remains National shot put champion. I guess that "Charley" can still throw it ..... Steve Lendman has been awarded this year's Sullivan Medal as the athlete of the year, for successfully defending his outdoor Mah-Jong championship ..... and on the 1972 All-American Chess Team we find the following familiar names: Lefty Bishop, Teddy Siegel: Middle Pawn, Robert Namiot: Last Night, Robert Price.

In the entertainment field, Bernie Price and Howie Shelton have just turned out a new musical, entitled "Kiss me, Koopetz." The hit song is "I Took My Girl to The Bank to Get Her A Loan."
In Hollywood, Rutman-Rosenston studios have re-released the hit movie, Gunga Din with Normie Morris carrying the buckets.

The firm of Grossman, Fineberg, & Barrows has slipped into the red in the field of homogenized, non-skid spaghetti. They are currently perfecting their new product, a streamlined, symmetrical pretzel.

In the literary world, current best sellers are "The Count of Monte

Class Prophecy

Mandell", by Bernard Tarr, and "Footsteps in 312", by Lou Chiaramonte. Elliot Ernest, long noted for his fine poetic ability, has come up with a real prize winner entitled, "Thoughts while sitting on the chandelier of Memorial Branch."

After running away from women for twenty years, the renowned misogynist, Arthur Webner, has been captured by a fabulously wealthy widow.

The following announcement shows that the school is still in good hands: Steve Lendman has been appointed headmaster, and Burton (Siba) Segal is the new head of the Economics Dept. They promise to let their experience as students guide them in their new positions. The Rt. Honorable Leo Anderson is the new mayor of Chelsea. Under the Shuman anti-trust law he plans to wipe out the "trot" monopoly held by Herb Querido and Manny Kassler. The Worobey-Warshaver Slide Rule Co. is featuring pocket size slide rules this week. Remember W&W slides are the only ones with hydromatic decimal points. The Rodman Brewery announces that it has hired Barry Linsky and Arnie Sherman as tasters for their products. Errol Low Beat Wolff is knocking them dead over at Storyville. Bert Lerner and his band are sweeping up during the half. "Chic" Charney has been booked by police commissioner Walsh on charges of vagrancy. Found with only a dime in his pocket, "Chic" says that "Money is the root of all evil."

Deems Taylor, the eminent mouthpiece, is defending "Babyface" Yellin against charges of putting Chet Enbinder's picture (ugh!) on five dollar bills. Lew Seronick's name has become legend after making this famous statement: "The one who said all men are created equal—never went to a turkish bath." Dr. Lawrence Steiman, the health expert, is treating John Spadazzi and Paul Curlop. Ever since being deprived of their daily diet, the Memorial hot lunch, both have been suffering from mal-nutrition.

The Golner Gazette has been awarded the Maier Memorial Prize for excellence in the field of journalism. On the staff are "Scoop" Kalick, editor, "Flash" Sadur, advertising manager; and Ace Cohn, features editor.

In the state-senate here, the Finklestein-Pressman act is meeting opposition from "Honest Burt" Cooperstein and "Moneybags" Temple. The act would bring street-lights and water-pipes to lower Roxbury.

I have recorded this diary and enclose it in a metal container for the benefit and assistance of posterity.

Class News

Class News-224

During this last school year '51-'52 we have had a lot to talk about, for instance:

Do you know:

What two boys were always late for school?
We do.
Why Remondi asks those silly questions in History?
Why Savage always buys clothes from M. M. and says they cost $12.50 plus tax?
What Kordas does with our money?
Why Mitchell was chosen "Mr. America" of room 224?
What Pelland does with his car after school?
Why Zopatti always goes for coffee the 3rd period?
Why does Peters go A.W.O.L. from school?
Why does White tell a lot of tall stories?

Do you know-Why

Ginsbery-is called "For Instance"?
Burke-passed in Science?-(we don't)
Brown and Dillingham-are always arguing over who is the handsomest?
Daley-is late every day?
DiRuscio-was absent 14 days durning Jan. and Feb.?-(good showing).
Bourgalt-is claiming he has the best relatives?
Baratz-hasn't passed English for 3 years?
Kasprzack-quit the football team?
DuBois-Is always claiming he is not related to "Lolus Bu Bois"?
Hagstrom-goes to Reading over the week end? (Farmer's Daughter).

Yes we do have a lot to say about this school year. It has been fun while it lasted. Look at Tom McKean, the Colonel's shadow, and the three blind mice that drive Mr. Rice crazy, McKeon, Lewis, and McCue. We must not forget Ruggiero, "Teachers Pet". We must not forget "Good Old Miller" for his excellent work in English and one who gave all his home-lessens to the class. Fillipone always comes to school with a five o-clock shadow. Stolov, the newcomer from New York, is learning fast.

GRAND CENTRAL STATION

Room 314 may claim the distinction of being the senior home room most comparable to Grand Central Station. We, of 314, are the busiest seniors in the school. In our group is the hard working editor of the Bostonian and Yearbook. He not only edits but also contributes excellent play reviews and selected original poems. Yes, Elliot Ernest may well say that his year as editor has been most gratifying.

Robert Fox is our radio ham, who refuses to speak of anything except superhetrodyne receivers, frequency modulation, and personalized match covers.

Claiming the title of bard and expert in matters of English is Marvin Golden, a member of the Bostonian Literary Staff. This young man is an outstanding member of the Forum Club and has the reputation of being able to out talk anyone.

Breathing down my neck are Sumner Dubrow, Chet Enbinder, Arthur Finklestein, and Robert Feinberg, so I'll give them a line. Joking aside, these gentlemen have contributed much to give our room a good reputation. They, as officers in drill, are perfect examples to the younger recruits.

Where do Norm Glick and Joe Kaplan go on the days when they're absent? They can well be called "The Two Musketeers". In room 334, why has Murray Goldblatt been dubbed with the title, "cup bearer"? Burt Goldblatt still denies he's any relation to Murray. Herb Goldstein was one of the representatives from this school in the Hearst History Contest.

"Shutterbug Louie" Goldstein is seldom seen sitting still in the room. Usually he is found tinkering with the movie projector, or phonograph players. When he is not doing this you'll find him delivering bulletins throughout the school. He is a member of the National Honor Society, literary staff of Bostonian and Yearbook, and of several clubs. This year he was fortunate enough to win the Grade XII Spelling Bee in the school.

Jerold Golner is one of the more outstanding students in our room. He recently was elected Secretary of our branch of the National Honor Society. Jerold also is an active member of the Bostonian and Yearbook staff. He is accredited with being the top chemist in the senior class.

If you think you are seeing double do not rush to your optometrist as it is only those Goodman twins. Robert Goulston continually is working over his drawing board and is being given expert advice by Arthur Gilbert.

Jim Hooley is an avid stock car racing fan and is often seen at the Medford Bowl. Howard Gordon, secretary of the Student Government Association, and manager of our illustrious football team, still fences with D. Gropman each morning. Give him your homework, Howie. If an injury occurs Gerald Grusby is there with his First Aid Kit. Gerald is an outstanding member of our famous Red Cross Club.

We musn't forget to mention Chat Jones, our industrious home treasurer, who has done a fine job all year. Behind him sits Karl Jones, who, with the boys around him has a difficult time restraining himself from laughter when Harvey Grossman utters another of his vast number of jokes. Edmond Katz, member of the R.M.N.H.S., can always be relied

Class News

upon when a cool head is needed to settle a dispute.

Carl Gullens, Calvin Hicks, and Paul Katz round out the athletes in our room. Paul Katz is honored with the vice-presidency of the Senior Class. Jerald Kalick is a bowling enthusiast and is a rather high scorer. Whenever words of wisdom or a proverb are needed we turn to Professor Manuel Kassler. Because of the complete cooperation of all the boys in the room, this year has progressed smoothly.

Aiming a machine gun at me are Messrs. Finkle, Fleishman, Handler, Hurivitz, and Kahan. All right, fellows, you get your name in print, so please let me finish this article.

Last, but by far not least, in the name of the class of "52" we boys of 314 want to express our heartfelt thanks to Miss Barry, whose patience and assistance have made this year a most pleasant one for us. Miss Barry has inspired us to go out into life with a great sense of appreciation for her efforts. We apologize for the hard times we have given her and praise her for her counsel and patience. We now leave the hallowed halls of Memorial with pleasant memories and good expectations for a bright and profitable future.

316

As the students of Room 316 enter through the side door of Room 314, we find H. Kliger pulling up the shade and sharpening pencils for Rd, (in hope of more "duckets" for graduation.)

Stan (crew cut with sides and Home-room Treasurer) Koopetz is up and at it again.....the school treasury is empty .....dig in boys.....Pallan has taken three histories this year.....he likes to live dangerously (Incidently Ld. has nick-named him "Miss Betty '52).....FLASH! Luccio is organizing an Israelian Army .....all recruits reports to 316 with J. Whistle.....After three years with Rd, all that Levy (Levi) knows is "The more you know, the more you don't know," .....Attention.....Morrison and his "Hat" just arrived.....It has been stated by Cy, that Koocher is a good penman.....No wonder, look at all the writing he has from Rd for coming in late. (Oh, how I hate to get up in the morning)..... Some boys are taking dancing lessons, while Lerner is taking walking and speech improvement lessons for Ld. .....It's a shame that Klein hasn't Ld for History.....he would get "A" in map drawing.....We get all the news first hand with MacDonald at the switch board.....I put Linsky's name in here, even though he didn't help with the news.....Pearlmutter is overjoyed, now that he has a job in the Student Council waiting so long.....The world may have Evelyn and her Magic Violen, but we have Irvin Pinkofsky ..... Kolp is studying to be a MAD scientist under Ed's supervision. .....What would the Law class (A42) do with out Lee Morris? .....To bad A. Pinkofsky didn't play basketball this year; we could have used him!..... I put Pessin's name in here so he can show the boys back at Winthrop. .....With Libman graduating (?) this year, Rd will be free of the family until his brothers come up.....

For Sale two "Federal Government and You," see Koopetz and Levv.....Who has the chemistry test? Ask Lipman..... When will Maier ever buy his own pack of cigaretts?..... Maybe N. Morris should have gone to Dorchester also?

I sign off by stating one of Rd's famous qoutations "YOU CAN'T WIN!"

As a credit to all concerned, we sincerely congratulate the editorial and business staffs for their fine co-operation—also the printer and engraver for greatly assisting us to publish a book that is far superior in portrait quality to any ever before published.

The quality of work and the service rendered is the type of work produced by Richard G. Mahoney after 30 years of co-operation with editors of the finer annuals.
